HELP US ENDORSE AND ELECT ENVIRONMENTAL CHAMPIONS

CD4 Congresswoman Betty McCollum

We support environmentally strong elected officials by determining and sharing the voting record and views of elected officials and candidates on environmental issues. We also endorse DFL candidates for office, and mobilize the electorate to vote for DFL endorsed candidates who support party platform and action agenda items related to climate, energy, and the environment. We work hard for those who earn our support!

Over 78% of the DFLEC Endorsed Candidates Won

WELCOME TO THE DFL ENVIRONMENTAL CAUCUS

As a person who has been involved in environmental conservation since I was a teenager, I am honored to be the new chair of one of the fastest growing and most progressive caucuses in the DFL. With your help and guidance, we can lead the party to elect legislators who will protect our natural resources and public health.

DFLEC Chair
