### Leadership Opportunities

There are three vacancies for non-male identifying Directors on the Board of DFLEC. Nominate yourself or another person with this [form!](#)

### Caucuses and Conventions

Our platform committee is developing recommended resolutions for people to bring to their DFL Caucus on February 1, 2022. We will make PDFs of already filled in forms for you to share with friends and bring to the caucus meetings.

We hope all our members attend and participate in caucuses!

1. Bring DFLEC resolutions and propose them in your meeting.
2. Run to be a delegate so you can represent environmental values at State House and Senate nominating conventions, your Congressional District Convention, and if you advance to the next level, the State Convention
3. Volunteer for your local DFL organizing unit, and run to represent your unit to the DFL State Central Committee, to help advance and protect environmental policies within the party
